DETAILED ACTION

Allowable Subject Matter

1. This application is in condition for allowance except for the presence of claims 14-17, 31-34, directed to an invention non-elected without traverse. Accordingly, claims 14-17, 31-34 have been cancelled.

2. Claims 1, 3-8, 11-13, 18, 20-25 and 28-30 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Claim 1, 8, 18, 25 recites, inter alia, a method/apparatus that comprises "transmitting a first packet which is not a STALL packet from the device to the host apparatus, the first packet being erroneously recognized by the host apparatus as the STALL packet" and in response to a response packet to the first packet, "transmitting a third packet from the device to the host apparatus, the third packet which is the STALL packet". Prior art of record do not teach or suggest, either alone or in combination, the aforementioned limitation, nor would it be obvious to modify those references to include such limitations. Examiner notes that the STALL packet is a handshaking packet specified by the USB protocol.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
